

WISCONSIN LEGISLATIVE COUNCIL AMENDMENT MEMO

2005 Senate Bill 207	Senate Substitute Amendment 1
<i>Memo published: June 17, 2005</i> <i>Contact: John Stolzenberg, Chief of Research Services (266-2988)</i>	

Senate Bill 207 creates a new hunting regulation that prohibits a person from shooting or shooting at a farm-raised deer or a captive wild animal unless the person is in physical possession of the weapon. The intent of the bill is to prohibit hunting on the Internet, in which a firearm would be set up at a captive animal facility in Wisconsin and controlled by a person using a computer that is located elsewhere.

Senate Substitute Amendment 1 retains the prohibition in Senate Bill 207 on hunting unless the person is in physical control of the weapon, and expands it to prohibit a person from providing or offering to provide an opportunity to hunt a farm-raised deer or captive wild animal if the hunter is not in physical possession of the weapon.

Legislative History
